Latest news from your Management Body

Dear EPBS Member,

In this Newsletter, you will find an update of our current projects and progress made since our last General Governing Body meeting.

As you can see in the “What’s on” section, your Management Body attempted several meetings on your behalf during the last months. Details regarding the European council meetings could be found [here](#).

We selected three important news that we want to share with you.

Looking forward to coming back to you soon

Your Management Body

What's on

TC140 WG3	28 th – 31 st March Berlin, Germany 14 th June, Webinex 20 th – 22 nd September Florence, Italy.
ABHS	5 – 6 April Stockholm, Sweden
EC	1 st June Brussels, Belgium
CEPLIS	2 nd June Brussels, Belgium
EPBS GGB Student forum	13 th – 14 th October Salzburg, Austria

Medical Devices Directive revision

On 5 April, 2 new Regulations on medical devices were adopted. These replace the existing Directives and contain a series of extremely important improvements to modernize the current system.

Student Forum

The EPBS Student Forum 2017 will give us insight in the involvement of Biomedical Scientists in post-analytics.

What do Biomedical Science students learn regarding post-analytics?

In which post-analytical processes are BMS involved ?

Should we extend our field of action regarding post-analytics ?

[Read more here](#)

Education

We very much encourage all of you to massively support the petition raised by the Spanish association at the European Parliament on the equivalence of qualifications as Biomedical scientist. [Sign here](#)

Management Body report

The MB held two meetings in 2017 : in Dublin (3 - 4 February) and in Figueira da Foz (12 - 13 May). The issues dealt with were varied and relate to collaboration with members and associations, reports from the working groups, organisation of the next GGB meeting, student forum and scientific conference day, processing of requests and mailings, website update as well as coordination and review of MB calendar activities.
