

BORÅS 25-26 SEPTEMBER

NML CONFERENCE 2019

Nordisk Medisinsk Laboratoriegruppe (NML) invites you to a 2-day conference on Biomedical Laboratory Science education

Conference Program (detailed program on next page)

Meet colleagues from the Nordic countries and learn more about mutual challenges in the biomedical laboratory science education. The program includes lectures, poster exhibition and room for discussions and Student Forum.

Venue

Quality Grand Hotel, Borås

Borås is situated 30 minutes from Landvetter Airport (Göteborg). Quality Grand Hotel is only 300 meters from Borås Central Station, and in walking distance from the city center.

Accommodation

Hotel rooms are pre-booked at Quality Grand Hotel (not included in the conference fee). Read more on the IBL website.

Social program

In the evening of September 25th, there will be a guided tour at the Textile Fashion Center followed by dinner at the restaurant THE COMPANY.

Registration & Fee

Fee: 3 500 SEK

The fee includes the conference program and materials, lunch, coffee, dinner and the social activity. IBL is a non-profit organization and is exempted from VAT.

Last day to register: 20 June

Registration data of the participants will be stored one year and deleted after that (the information will be available only for the organizing secretariat of the conference).

Read more and register at www.ibl-inst.se/nml-conference-2019

NML CONFERENCE 2019

CONFERENCE PROGRAM

We are facing changes in technology, society and in healthcare. There is also a need for more biomedical laboratory scientists in most of the Nordic countries. How do we educate our future professionals in the best way?

WEDNESDAY 25 SEPTEMBER

13.00-13.15

Welcome to the NML conference on education of biomedical laboratory scientists (BLS)

– A brief review of the Nordic educations for BLS and some words about changes in health care, science and technology in relation to the profession.

Gabriella Lillsunde Larsson IBL, Anne Lindgren Berndt Vårdförbundet.

13.20-14.00

The expert patient-from healthcare receiver to healthcare resource.

Peter Carstedt, founder of MOD (mer organdonation), an organization working to increase organ donation in Sweden.

14.05-14.35

E-Health; does new technology and new ways of communication require new skills of the biomedical laboratory scientist?

Åsa Gyberg-Karlsson. Reg. biomedical laboratory scientist and member of the Swedish national council on medical ethics (SMER).

14.40-15.00

The Biomedical Scientist in Beta

Martina Jürs, Danske Bioanalytikere (dBIO).

15.00-15.30 Coffee and posters

15.35-16.05

Use of information and communications technology by teachers and students in biomedical laboratory science educations in the Nordic countries.

Marianne Nielsen, consultant dBIO and the BioNord network.

16.10-16.40

Designing courses- how to best use teacher and student resources.

Petronella Ekström and Anna Hultgren, pedagogical developers at PIL- centre for academic development, Örebro University.

16.45-17.05

Building bridges between society, the clinic and research.

Gabriella Lillsunde Larsson, senior lecturer at Örebro University, Sweden and Andreas Malmgren, PhD student and biomedical laboratory scientist at Skåne University Hospital, Sweden.

17.05

Conclusion day 1.

Gabriella Lillsunde Larsson IBL, Anne Lindgren Berndt Vårdförbundet.

17.50 Joint walk to the Smart textiles exhibition by science park Borås

– where we have a guided tour followed by dinner at The FoodCompany.

NML CONFERENCE 2019

CONFERENCE PROGRAM

THURSDAY 26 SEPTEMBER

08.30-08.55

Peer learning in clinical education for increased professional competence as a Biomedical Laboratory Scientist.

Jenny Flygare; associate professor and Camilla Linder; PhD student medicine/adjunct clinical teacher at the dep. of laboratory at Karolinska institutet, Stockholm Sweden.

09.00-09.25

The future Education (FutureEdu) project-creating virtual learning environments to the health care sector.

Anssi Mahonen Project Manager, FutureEdu. Savonia University of Applied Sciences, Kuopio, Finland.

09.30-09.55

Learning Basic Echocardiography. Experience in Developing a Virtual Reality Lab Learning Tool.

Petri Gudmundsson, senior lecturer at Malmö University, Sweden.

10.00-10.30 Coffee and posters

10.30-10.55

Complementary Program for Biomedical Laboratory Scientists with a Foreign Degree.

Camilla Hesse, senior lecturer, university of Gothenburg

11.00-11.30

Student throughput in the Swedish education.

Camilla Hesse, senior lecturer, university of Gothenburg

11.35-12.00

Discussions in groups

12.00-13.00 Lunch

13.05-13.30

Discussions in groups

13.35- 14.30 Student Health

13.35-14.05

What do we know and what can we do about students' mental health?

Regina Winzer, Public health agency of Sweden.

14.10-14.30

The student situation

Sofia Godau, chairperson of Vårdförbundet Student.

14.35-15.00 Coffee

15.05-15.25

Report from the student forum

Sofia Godau, chairperson of Vårdförbundet Student and Tanja Wijkmark, office manager IBL

15.30-16.00

Conclusion of conference. Poster award. Results from group discussions.

Gabriella Lillsunde Larsson IBL, Anne Lindgren Berndt Vårdförbundet.
